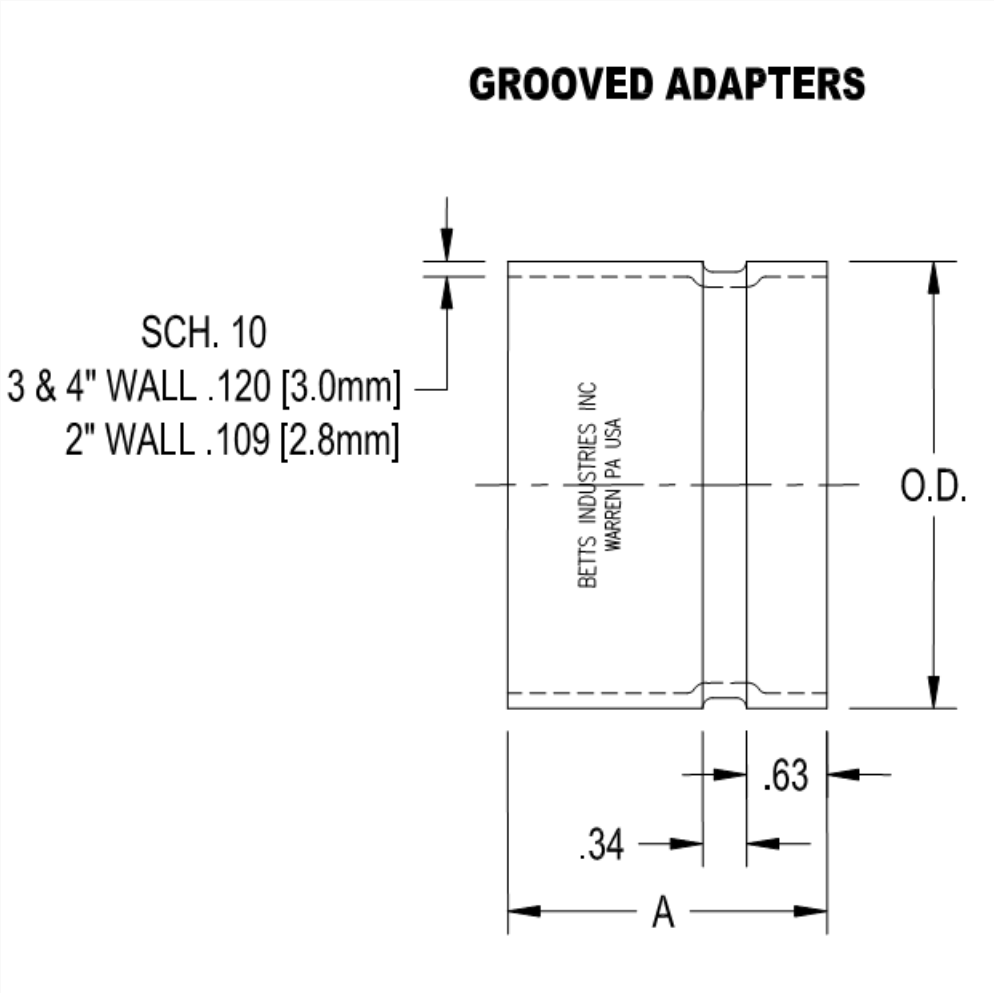
2" Steel Adapters (Grooved Stubs)

Betts seamless adapters are designed for use on cargo tanks and satisfy a wide variety of piping needs. The belled and grooved adapters offer flexibility and versatility to accommodate even the most difficult fit-ups. With no weld seam, the adapter is clean and leak free.

Seamless fittings are manufactured in accordance with API recommended practice 1004 with a minimum burst pressure of 4 times the MAWP per 49CFR178.345-9(b).


Part No.	Material	Weight lb. [kg]	A in. [mm]	O.D. in. [mm]	Bell I.D. in. [mm]	MAWP lb. [kg]
G2MS	Steel	.55 [.25]	2.50 [63.5]	2.38 [60.5]	N/A	200 [13.8]
