4” Grommet Mount Backup Brite Night™ LED with Flat Lens – 12V

The Betts’ 4” grommet offers a simple, care-free installation and is made from EPDM rubber which offers outstanding weathering properties including excellent ozone and sunlight resistance. Grommets are mount to a ø4.50-inch mounting hole and are sold separately. The Brite Night™ LED Lamp insert is a robust, fully sealed unit made from impact resistant polycarbonate plastic. The LED insert pushes into the installed grommet for simple installation and removal. The 3-position Super-Seal™ socket offers a locking tab and securely mates with the wiring harness plug to create a weatherproof seal. The Betts’ Grommet Mount is an ideal configuration to combine with a Tru-Fit™ Custom Lighting Kit to satisfy any requirement.

Designed to meet FMVSS 108 requirements (49CFR§571.108)

- SAE DOT Lighting Code: R
- Two backup lamps are required to meet compliance
- Supports System Voltages of 12Vdc
- Reverse Polarity Protected
- Functional Voltage Range: 9Vdc to 14Vdc
- Mounts via EPDM grommet (sold separately)
- Covered by Betts’ 5-Year Limited Warranty
