45 Series Junction Boxes

The 45 Series Junction Box Assemblies comes with or without a 7-pole terminal disc and hardware. Boxes must be drilled and tapped unless otherwise stated. The housing is made from high-strength reinforced PBT engineered thermoplastic that provides impact and UV resistance. The exclusive Snap Seal™ O-ring locks out moisture to prevent corrosion while providing convenient access to the inside of the housing. The spacious 45 Series housing has plenty of room for wiring and plug connections.

- Comes with or without a 7-pole terminal disc and hardware. Boxes must be drilled and tapped unless otherwise stated.
- Requires a ø4.5 inch mounting hole with three flange screws or rivets
- Gray PBT housing standard (black is available)
- Covered by Betts' 5-Year Limited Warranty

Other options such as 40 Series, 47 series, 56 Series, 57 Series, 4 x 8 and Aluminum styles are available.
