# 57 Series Junction Boxes

The 57 Series Junction Box Assemblies comes without the 4-pole terminal disc and hardware which can be ordered separately. Boxes must be drilled and tapped unless otherwise stated. The housing is made from high-strength reinforced PBT engineered thermoplastic that provides impact and UV resistance. The exclusive Snap Seal™ O-ring locks out moisture to prevent corrosion while providing convenient access to the inside of the housing. he spacious 57 Series housing has a surface mount with two flange screws.

- Surface mount with two flange screws or rivets
- Gray PBT housing standard (black is available)
- Covered by Betts' 5-Year Limited Warranty

Other options such as 40 Series, 45 series, 47 series, 56 Series, 4 x 8 and Aluminum styles are available.
