Description of Bulletin: The B20 marker and turn lamp assemblies are now obsolete and have been replaced with the 3/4" button lamp. This bulletin provides details of the replacement choices and describes details of the available and recommended options.

Obsolete B20 Lamp Assembly – The B20 was surface mounted and required the mounting configuration as shown.

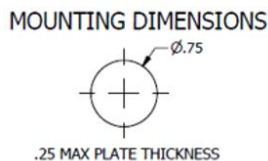

Button Lamp with B20 Style Adaptor Plate – This adaptor plate is available for applications where the mounting configuration cannot be changed over to the to the standard Button Lamp grommet mount. The adaptor plate mounts to the same bolt pattern as the B20. The Button Lamp comes with 6" Shur-Plug 180 male bullet connections.
